PRINCE GEORGE'S COMMUNITY COLLEGE DATABASE SYSTEM

- **Facilitates to track of information regarding the courses students and faculty**

- **It helps to track the information of the students:**
  - **International Students**
  - **Veteran Students**
  - **Transfer Students**
  - **First Time Students**

- **It helps to enroll the students and maintain the data**
- **It allows the faculty to view the students for the courses they teach**
- **It helps the faculty to grade the students**
- **The system allows the faculty to remove the students from the course**

ACCURATE AND FAST RETRIEVALS

- *It helps the students to pay the fees while checking all the conditions of the payment*

REDUCED THE PHYSICAL WORK TO FIND THE RESULTS

- *The administration management can view all the student details*

- *It allows the administration department to view all the payments*

- *It helps them to add the courses.*

- *The system maintains the program information.*
